

5W Weekly News

Week of 8/27-8/31

Mrs. Wooden's Thoughts

- What an amazing start to our school year! We practiced our classroom procedures, wrote mission statements, and created "One Word" artwork. We started learning about Daily 5, Math Workshop, Words Their Way, and the Scientific Method; we even did an Escape Room. I have been impressed with the students' behaviors and positive attitudes. We are going to have a great year as 5W Braves!
- Class Mission Statement: 5W Braves will be responsible, be respectful, be kind, and put in our best effort.

Class Superstar

- Congratulations to our very first Superstar of the school year, Eve! This was a tough decision; there were so many students I could have chosen. I picked Eve because I have witnessed her helping other students and she has had a positive attitude all week. She has participated and put in her best effort on everything that we have done this week. WAY TO GO!

Classroom Feature

What is the Super Improver Wall?

The "Super Improver Wall" is a method used to increase student motivation. It is based off of students beating their own personal goals, whether they are academic, social, or behavioral. There are ten levels with the top level being "Hall of Fame". Students earn star stickers when they show that they are working towards their goals. Ten stickers moves the student to the next level and that student earns a prize. It is self-motivating and self-differentiating!
